DECALS & WINDOW DETERRENT STICKERS POUCH (INCLUDED)

This pouch includes:

- 6 x Paint Decals (Item B)
- 2 x Warning Stickers (Item C)
- QR Code for Activation
- This Instruction Guide

2. REQUIRED FOR ACTIVATION

1 Apply 5 of the 6 paint decals to your vehicle using the placement guide to the right.
Keep 1 decal unused for future reference to keep and you will also keep it with your Recovery Guarantee for this account, which is located in this paperwork.

2 Locate your Decal ID number on the back of the decal backing card.

The Decal ID is printed on the back of the card that holds the 6 decals.

3 Scan the QR code that's included in this contract, on the back of the pouch, or visit CarSmarti.com/decalupload

4 Enter your Decal ID to complete activation. You will need your Customer ID and Account ZIP Code to register.

Activation is not complete until the Decal ID is registered to your account.

IMPORTANT ALERT

DO NOT press buttons more than once at a time or take a chance of resetting the device. You would hear multiple beeping. If so, contact us; may need to replace (cost may apply).

3. DECAL PLACEMENT GUIDE

1 decal per front door jamb.

1 decal per rear door jamb.

Apply 1 warning sticker per side (inside glass), above exterior door handle.

TRUNK (SEDAN)

Apply 1 decal inside trunk frame.

HATCH (SUV / HATCHBACK)

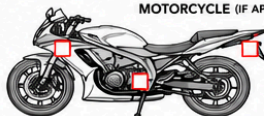

Apply 1 decal inside hatch frame.

TAILGATE (TRUCK)

Apply 1 decal inside tailgate frame.

MOTORCYCLE (IF APPLICABLE)

Apply decals to 3 visible painted surfaces:

- Left side (fairing/frame)
- Right side (fairing/frame)
- Rear fender or tail section

Important Note!

Get additional placement tips and suggestions for your decals in "STEP 3" during registration in the National Database.

A PRE-ACTIVATED RECOVERY CHIP TRACKING DEVICE

Your recovery chip is pre-activated and ready to use.

RECOMMENDED LOCATIONS:

Place the chip in a hidden location where it will not interfere with vehicle operation.

- Under the seat
- Behind the seat (inside the magazine sleeve on the back of the seat)
- Inside side panel or console
- Inside trunk or hatch paneling

Record its location in your paperwork for future reference.

UNDER THE SEAT

BEHIND THE SEAT (MAGAZINE SLEEVE)

D KEY SHIELD BOX (FARADAY BOX)

Store your key fob inside the box to block electronic signals and help prevent relay theft.

Close the lid while in use.

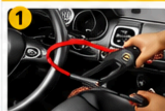

E STEERING WHEEL SAFETY BELT LOCK

Helps deter theft by locking the steering wheel in place.

See quick installation instructions to the right.

4. STEERING WHEEL SAFETY BELT LOCK – QUICK INSTALLATION

Wrap the steel wire of the lock body around the middle of the steering wheel and then pass through the lock body.

Insert the lock part into the safety belt card and press to lock it.

Insert the key and turn it to the left to unlock.

After opening the lock, press down to the position to unlock.

IMPORTANT: Clean all surfaces before applying decals and stickers. Use a clean cloth to remove dirt, dust, wax, and oils for proper adhesion.

GOOD PRACTICE:

- Jot down where you placed each decal and sticker.
- Keep this record with your documents for future reference.

KEEP 1 UNUSED DECAL WITH YOUR RECOVERY GUARANTEE CERTIFICATE AND THIS CONTRACT. DO NOT KEEP INSIDE THE VEHICLE.

REGISTERING YOUR DECAL ID IS REQUIRED TO ACTIVATE YOUR RECOVERY GUARANTEE CERTIFICATE.
